EDUCATION

Jawaharlal Nehru Technological University, Hyderabad — 2020 - 2025
B.Tech + M.Tech - Computer Science Engineering - ***CGPA - 6.43 + 8.15***

Sri Gayatri Junior College, Hyderabad — 2018 - 2020
Senior Secondary Education - MPC - ***Percentage - 91%***

SKILLS

Programming: Python, JavaScript

Web Development: HTML, CSS, ReactJS

Database: MongoDB, SQL

Tools: GIT, VS Code

PROJECTS

Daily Tracker — Personal Project — 2025
- Built a daily tracking web application to monitor habits, tasks with features like adding daily entries, marking completion. Used HTML5, CSS3, and pure JavaScript for interactivity, DOM updates, and local storage to save user data across sessions.
- [Project Link](#)

Admin Panel Management — Assignment Project — 2025
- Built a modern admin dashboard UI replicating Intercom's interface, complete with collapsible sidebar, conversation list, chat window simulation, and an AI Copilot section. Used React, Tailwind CSS for styling, Framer Motion for smooth animations, and dummy data to simulate real-time conversations and AI features.
- [Project Link](#)

Recipe Bot — M.Tech Project — 2024
- Created a chatbot assistant that suggests personalized recipes based on user input like BMI, food preference, and available ingredients. Used Google Dialogflow for NLP, Flask for backend logic and routing, and Spoonacular API for fetching real-time recipe data with filters. Features include BMI calculator with category-based meal suggestions and support for dietary needs.
